Research Interests

Unstable and Stable (Motivic) Homotopy Theory, Synthetic Deformations, Algebraic K-theory, Algebraic Geometry in positive characteristic.

Education

2023–present **PhD in Mathematics**, *JGU Mainz*
Thesis: *Localization functors in unstable motivic homotopy theory*
Advisor: Tom Bachmann

2022 **MSc in Mathematics (grade: 1.0)**, *LMU Munich*
Thesis: *Isomotives of Dimension at most 1*
Advisor: Fabien Morel

2021 **BSc in Mathematics**, *LMU Munich*
Thesis: *Examples of étale (φ, Γ)-modules*
Advisor: Werner Bley

2017–2022 **Studies in Mathematics**, *LMU Munich*

Publications

2026 **The derived ∞-category of Frobenius Modules**, *(with Timo Weiß)*, to appear: *Journal of Algebra*, arXiv:2510.23267

2026 **Unstable arithmetic fracture squares in ∞-topoi**, *Journal of Homotopy and Related Structures*, arXiv:2404.18618

2025 **The derived ∞-category of Cartier Modules**, *(with Timo Weiß)*, *Journal of Pure and Applied Algebra*, arXiv:2410.17102

Preprints

2026 **The $6\frac{1}{2}$-functor formalism of Cartier modules**, *(with Timo Weiß)*, preprint, arXiv:2610.40200

2025 **Nilpotence of η in étale motivic spectra**, *(with Swann Tubach)*, submitted, arXiv:2511.09476

2025 **Monadic resolutions for generalized spaces**, *(with Tom Bachmann and Anton Engelmann)*, preprint, arXiv:2511.07064

2025 **Unstable étale motives**, submitted, arXiv:2507.20320

2024 **The pro-Nisnevich topology**, submitted, arXiv:2404.17314

2024 **Unstable p-completion in motivic homotopy theory**, submitted, arXiv:2401.17848

Research Visits

Aug–Sep 2026 **SLMath**, Berkeley, USA

April 2026 **Jussieu**, Paris, France

Selected Talks

Sep 2026 **Unstable η-completion and the motivic Eilenberg–Moore spectral sequence**, SLMath, Berkeley

June 2026 **Étale synthetic deformations**, Young Topologists Meeting, Copenhagen

May 2026 **Monadic resolutions for generalized spaces**, Universität Regensburg

Mar 2026 **Cdh-local motivic cohomology**, Recent Advances in Motivic Cohomology, Osnabrück

Feb 2026 **Monadic resolutions for generalized spaces**, Universität Wuppertal

Jan 2026 **Monadic resolutions for generalized spaces**, University of Copenhagen

July 2025 **Étale rigidity for motivic spaces**, Motives and Arithmetic Geometry, Darmstadt

June 2025 **Canonical resolutions for motivic spaces**, Young Topologists Meeting, Stockholm

April 2025 **Étale rigidity for motivic spaces**, École Normale Supérieure, Lyon

April 2025 **Étale rigidity for motivic spaces**, University of Toronto

June 2024 **Proof of the Hopkins-Morel-Hoyois theorem**, International Workshop on Algebraic Topology, Shanghai

Feb 2024 **Unstable p-completion in motivic homotopy theory**, YoungHom Seminar, online

Teaching Experience

Summer 24 **Lecturer (1/3 of course)**, *Algebraic Topology I*, JGU Mainz

Student Supervision

Summer 26 **Co-supervision of a bachelor thesis**

Teaching Assistant / Tutor

Summer 26 **Teaching Assistant**, *Math for Computer Science 2a*, JGU Mainz

Winter 25/26 **Teaching Assistant**, *Math for Computer Science 1*, JGU Mainz

Winter 24/25 **Teaching Assistant**, *Math for Computer Science 1*, JGU Mainz

Winter 23/24 **Teaching Assistant**, *Math for Computer Science 2b*, JGU Mainz

Summer 23 **Teaching Assistant**, *Differential Geometry*, JGU Mainz

Summer 21 **Tutor**, *Commutative Algebra*, LMU Munich

Winter 20/21 **Tutor**, *Algebra*, LMU Munich

Summer 20 **Tutor**, *Linear Algebra 2*, LMU Munich

Winter 19/20 **Tutor**, *Linear Algebra 1*, LMU Munich

Organization

2023–2026 **Organizer**, *PhD-Seminar*, JGU Mainz

Winter 26 **Organizer**, *Seminar on algebraic K-theory and chromatic homotopy theory*, JGU Mainz

Summer 25 **Organizer**, *Seminar on motivic spectra*, JGU Mainz

Summer 20 **Organizer**, *Reading Class on Category Theory*, LMU Munich

Academic Service

Oct 2026 **Organizer**, *Workshop on "Motivic Loop Spaces"*, JGU Mainz
Oct 2025 **Organizer**, *GAUS Workshop on "Motives and Higher Categories"*, JGU Mainz
Jan 2025 **Organizer**, *GAUS Junior AG: "Maps between spherical group rings"*, JGU Mainz
Mar 2024 **Co-organizer**, *Winter school on unstable motivic homotopy theory*, JGU Mainz

Non-academic Service

2016–present **Volunteer**, *Red Cross (BRK)*, Munich
2016–2023 **Software Developer**, *Microstep AG*
2019–2020 **Volunteer Author**, *Serlo*, Open-source platform for higher mathematics education
